

SUMMIT POINT

SPECIFICATIONS FOR ARCHITECTURAL REVIEW SUMMIT POINT

Special Requirements for Submission:

All improvements must be made in accordance with the Declaration of Covenants, Conditions and Restrictions for Summit Point Homeowners Association. Please review these documents carefully, and make sure your plans comply with their requirements. All Improvements must be approved by the Architectural Review Committee. A general rule of thumb is this- imagine you are on the Committee and you are reviewing the submission. Do you have everything necessary in order to visualize the completed product so you can make a judgement? If there are no unanswered questions in your mind based on the submission, then it is likely your submission will be acceptable.

Please Note: The Process of Architectural Review May Take Up To 30 Days.

Architecture Review Questions and Answers:

-What is Architectural Review?

Architectural Review is the power of the Developer/Homeowners Association to govern the exterior appearance of all properties in the community upon which homes will be built.

-Where does this authority come from?

The authority comes from the Declaration of Covenants, Conditions, and Restrictions for the Association which is a legal document recorded with the Burleigh County Recorder prior to any lots being purchased.

-Why are there architectural standards?

The benefit of Architectural Review is two-fold. First, the community in which you plan to live will maintain its attractive appearance with standards. Second, if the community maintains its attractive appearance, the value of all properties in the community will be retained at a higher level than if there were no Architectural Review and approval.

Items to Submit:

- 1) Worksheet (next page).
- 2) Set of Digital Plans Including:
 - a. Site Plan Including Lot Survey Exhibit
 - b. Floor Plans/Complete Blueprints
 - i. Include specifications, elevations, etc.
 - c. Landscaping Plan (most often sent at a later date, closer to home completion)
 - i. To include plant types, sizes and quantities and exterior color samples.
 - ii. May be submitted later if the Landscaping Plan is not yet determined.
- 3) Applicable Application Fees

After the Committee has approved your plans, you may proceed with the improvement. At that time, the written approval may be taken to the local government entities to obtain necessary permits. The Architecture Review Committee is not responsible to ensure your plan meets all applicable city, county or state laws and codes. A set of plans will be retained by the Architecture Review Committee.

If application is approved, any changes after approval MUST be run through the Architecture Review Committee.

Architecture Review Committee Worksheet

HOMEOWNER:

Date: _____

Name: _____

Cell Phone: _____

Address: _____

E-mail address: _____

BUILDER:

Phone number: _____

Name: _____

E-Mail address: _____

The following specifications are submitted for your review prior to the commencement of construction of the house which I/We plan to build:

Lot _____ Block _____ Addition _____

Style of Home: _____

Main floor square feet finished: _____

Second floor square feet finished: _____

Lower level square feet finished: _____

Lower level square feet unfinished: _____

Basement square feet finished: _____

Basement square feet unfinished: _____

Total square feet finished: _____

Total unfinished: _____

Garage dimensions: _____ x _____, garage square feet: _____, 3 Stall _____ Other _____

Siding:

Front elevation: _____ Color: _____ Brick/drivet/rock,etc. color: _____

Left side elevation: _____ Color: _____ Brick/drivet/rock,etc. color: _____

Right side elevation: _____ Color: _____ Brick/drivet/rock,etc. color: _____

Rear elevation: _____ Color: _____ Brick/drivet/rock,etc. color: _____

Roof Pitch: _____

Type of Shingle: _____ Cedar Shakes, _____ Asphalt, Other: _____. Color: _____
(No interlocking)

Plans to bring in additional fill dirt for the project: _____ Yes. _____ No.

If yes, approximately how many cubic yards and describe need? _____

Realistic estimate value of completed home and lot at time of occupancy: \$ _____

Building Completion Approximate Date: _____

Signature Page

NOTICE: I am aware that any deviations or alterations from the plans and specifications as herein submitted must have the prior written approval of the Architectural Review Committee.

JOBSITE CLEANLINESS: I agree to the following terms: keeping the building jobsite clean- including no dumping or piling of excess dirt, no dumping rocks, garbage or debris on neighboring lots. To remove my excess building materials, concrete washout from the jobsite with disposal occurring offsite and outside of the development (following the washout process required by the city/county). To maintain any roll off dumpsters in a way that garbage does not blow out of the dumpster when one is used on the jobsite. To maintain the growth of grass, weeds and other vegetation on the jobsite before, during and after construction. The HOA and/or Developer reserve the right to assess fines/penalties for non-compliance of jobsite cleanliness during the building process.

ENTRANCE: I agree to the following terms: I acknowledge and agree to use Everest Drive as the primary entrance for all construction activities. I will ensure that this requirement is communicated to all subcontractors involved in the project.
